PRESIDENT'S CORNER

CALL FOR VOLUNTEERS

Based on the Member Survey you completed late last year, your Executive Committee is working on the Chapter's Short Term Goals (Chapter Year 2007 – 2008), which are:

- a. Incorporate the Chapter, per the requirements of the Society
- b. Submit the annual STARS Report ahead of the 8/15/08 deadline, to the Regional Vice President, for review and final submission
- c. Create a New Officer Orientation program
- d. Create a Long Term Strategic Plan for the Chapter (Chapter Years 2008-2011).

Chapter Incorporation has already been completed!

Dick Flynt, President-Elect, has volunteered to manage the STARS report.

Now I need YOUR help! I need volunteers to help us establish a New Officer Orientation Program and create a Long Term Strategic Plan.

Please attend the February meeting so we can discuss this information in detail!

Feel free to contact me at anytime to discuss Chapter business and any ideas you have. Thank you.

Jay Wells, CSP, Chapter President

PERSONAL PROTECTIVE EQUIPMENT IS A MUST

- Check with your supervisor and/or the material safety data sheets (MSDS) to determine the proper personal protective equipment (PPE) for the task.
- Always use the specified PPE, and use it correctly.
- Before use, check for damage. Replace or repair PPE if it is defective.
- Do not alter PPE. This can affect its ability to protect you.

BE A HEART-SAVER

Reduce your risks for heart disease by living a heartwise lifestyle. For starters, choose a diet that's low in fat and cholesterol. Your heart also needs regular exercise to remain healthy and strong.

Managing stress is vital, too, because stress can raise your blood pressure, which can damage your heart. Finally, if you're a smoker, plan to quit today. Then do it. Your heart will love you for it.
